 - **Espresshow Mobile Presentation**

What is Espresso?

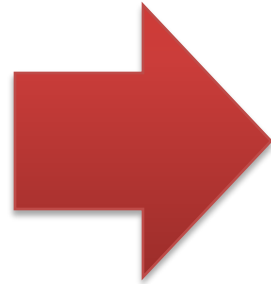

On Mar 22, 2009, Brewsoft has recently opened a new division, Java Mobile Group that aims to build small, fun, useful and friendly java mobile applications for 3G Networks we collectively call espresso.

Brewsoft plans to offer its first wave of Espresso Roast this April 2009.

Espresso Advantages

- ✓ **Mobile – lets you do your everyday business and personal computing on the road**
- ✓ **Wireless connectivity via GPRS/3G network allows real time access to data**
- ✓ **Secured**
- ✓ **Easy to install and update**

Easy Installation – Direct Download

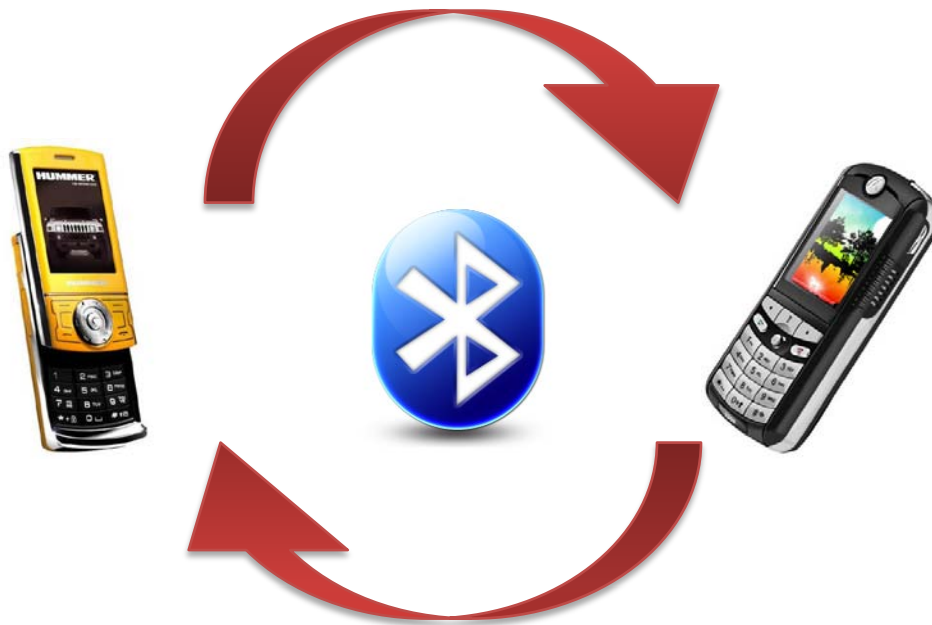

Directly Over The Air (OTA) via WAP

Easy Installation

Download from the web onto your PC, then upload onto your via Bluetooth or USB phone

Easy Installation

Share via Bluetooth

Espresso Roast 1 - Calculator

Provides Real-time access to property information such as;

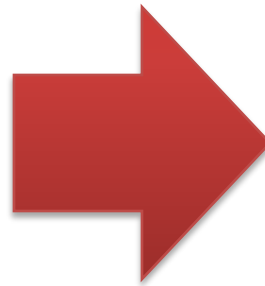

1. Availability

2. Rates / Amortization

- How much is a 2 bedroom unit on the fifth floor?
- How much is my monthly amortization
 - Bank: BPI
 - Payment Option: 10 years

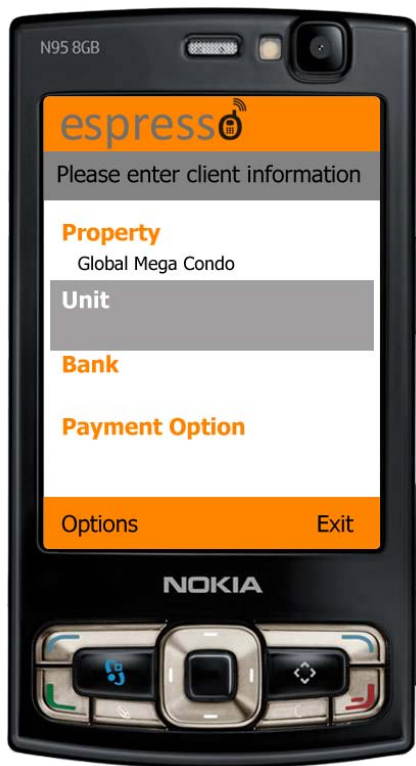

How does the Calculator Work?

Step 1 : Download the calculator (app and data) or do an update (data only)

How does the Calculator Work?

Step 2 : Enter client information

Rm 305 is 2
Bedroom unit
With a terrace
And is 60 sqm

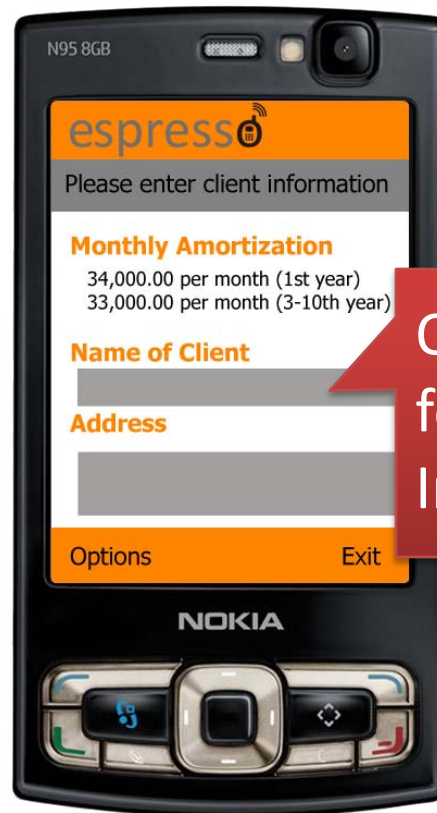

Rm 302 is no
longer available

How does the Calculator Work?

Step 3: Compute
